To Whom It May Concern,

My name is Deborah, and I am currently actively seeking out **part-time** employment because I am currently only available **Tuesday, Wednesday and Thursday**, and in in **Ilsan or Paju** only. I will also consider Goyang, based on location and easy public transport access.

I am an Australian living in Paju, YaDang Dong and I am on an **F visa**, so will not need a visa/sponsorship or housing.

I am a **qualified teacher** with 20 years of experience in education as a regular and ESL teacher in both Australia and Korea. I value play-base and real-life communication learning experiences combined with books, assignments and games to help young learners become competent English speakers.

I have worked continuously in Korea since 2002, mostly with elementary aged students and kindergarten students. While here I have taught students who have immigrated from North Korea, Kazakhstan, India and the Philippians. I have also taught students with a range of disabilities, and as well as students who have previously studied and lived in an English speaking country.

When required I am able to handle a class with no or limited resources, or materials, as well as being able to quickly think on the spot to create a lesson suitable to the students' needs.

I believe that being a teacher does not start or end in the classroom, being a teacher a way of life, and I hope through my actions and lesson I not only teach students English but to help them develop confidence, critical thinking, problem solving and social skills to become wonderful people.

Thank You
Deborah Atkinson
